RESEARCH EXPERIENCE

Influence of Teacher Perception and Its Affect on Biracial Identity

McNair Scholars Program Independent Research, Sam Houston State University

January 2011 – Present.

Duties include first author in independent research, under the direction of faculty mentor, Dr. Gordon Lamb in the Department of Psychology. Study included an examination of the influence of pre-service teachers/mental health workers perception of racial status on students in an academic setting.

Research includes a development of a topic, literature review, data collection/analysis, and completion of final manuscript. Upon completion of manuscript, research study will be reviewed for future publication.
